

DRIVEPUR

Protection Systems

What is DRIVEPUR?

DRIVEPUR is a self-cleaning anti-bacterial treatment for your vehicle.

How does it work?

DRIVEPUR formula uses the green technology of titanium dioxide- the same technology used in hospitals and operating rooms around the world. It will prevent volatile organic compounds and odors from returning

Why use DRIVEPUR?

Studies show that your vehicle is one of the unhealthiest environments you and your family are exposed to on a daily basis. DRIVEPUR will eliminate:

- Tobacco Smoke
- Pet Odors and Stains
- Mold, Mildew, & Fungus
- Germs, Bacteria, & Allergens
- Foul Odors

The DRIVEPUR commitment is to provide the customer with an ODOR, GERM, & ALLERGEN free vehicle

Experience the RED Shield Difference.

At RED Shield, we do things differently. Most importantly we pay our claims and we pride ourselves on having the best customer service and clais process in the industry. At Red Shield, we concentrated on making one easy-to-use platform for all of your sales products, eliminating the need to log into multiple websites with additional passwords for each product or service. From our one website, you will not only have access to all sales products, but also be able to view live time reporting. Few companies offer a one stop platform such as this. Making Red Shield truly unique.
